

# The Marksman<sup>®</sup> C-001

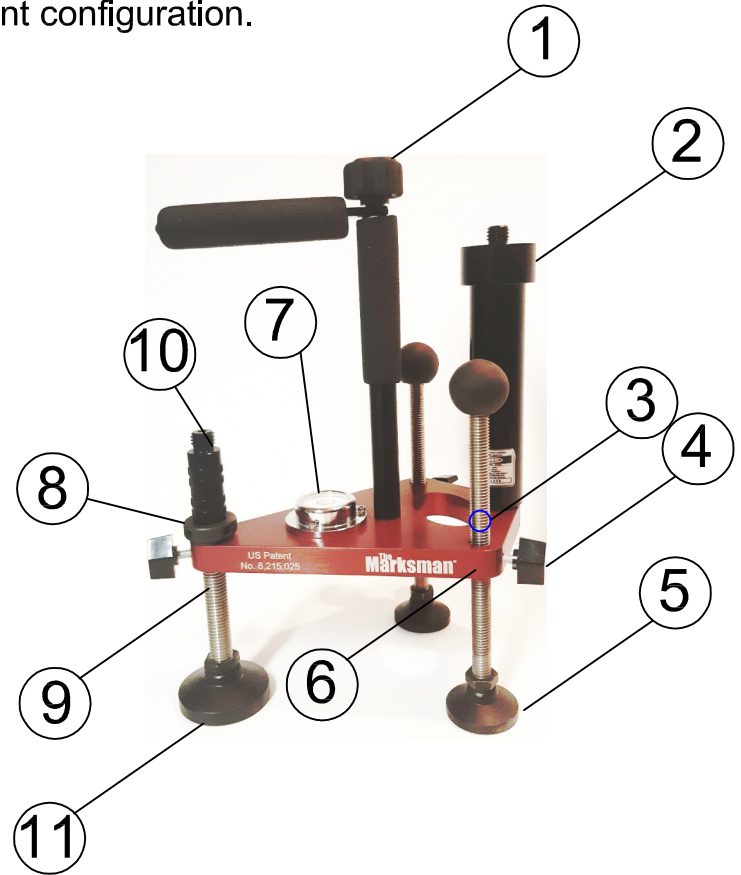

Portable leveling prism tripod with laser pointing for accurate layout and point measurement and capable of rod point configuration.

Tighten prism to cap of Laser Module.  
Use the round grips to set level.  
Once at the point and level, turn on Laser.

(2) AAA Energizer  
Ultimate Lithium Batteries included.

**Warning:**

**\*\*Do Not leave Laser on - it could cause malfunction and decrease Laser life.**  
**\*\*Do Not point any Laser at any form of Aircraft.**
